2nd Bright Feats Show Podcast is Available for Download. "Bright Feats Show with Allie and Rori" episodes 1 and 2 are now available for download. Thanks to the Parents Everywhere Network for hosting our show. Our first and second shows highlight an interview with a local mom with 2 children that have special needs. She has such a great perspective on raising children with special needs that we decided to interview her...twice. She is a wealth of information and shares with us her story, struggles and suggestions on how to make life easier for both the child and family as a whole. Visit www.BrightFeatsshow.com to download and listen to "A Parent's Perspective on Raising a Child with Special Needs."
